INDEX

A

ABADIE, S. H., see FRYE, W. W. *et al.*, 890
Abstracts of papers read at the Annual Meeting 1956, 369
Acceptance of the Walter Reed Medal, 341
Active absorption of certain metabolities by helminths, 464
African village population, malarial infectivity of to mosquitoes (*Anopheles gambiae*), 971
AHIN, N. W., see ANDERSON, C. R. *et al.*, 1012
AITKEN, T. H., see ANDERSON, C. R. *et al.*, 688
ALEXANDER, A. D., EVANS, L. B., TOUSSAINT, A. J., MARCHWICKI, R. H. and McCRUMB, F. R., JR., Leptospirosis in Malaya. II. Antigenic analysis of 110 leptospiral strains and other serologic studies, 871
ALLAIN, D., see SADUN, E. H. *et al.*, 562
ALLEN, F. M., see STAHNKE, H. L. *et al.*, 323
Allergic reactions to diethylcarbamazine treatment of onchocerciasis, cortisone and prednisone in the suppression of, 546
Amebiasis, experimental in guinea pigs, histological observations on the influence of a special diet used in, 813
Amebiasis, serological diagnosis of by means of the precipitin test, 499
Amebiasis, some unsolved problems in. A review paper, 487
American Society of Tropical Medicine and Hygiene, Transactions of, 349
Amodiaquin hydrochloride (Camoquin hydrochloride), efficacy of, against giardiasis, 679
ANDERSON, C. R., AITKEN, T. H. G., DOWNS, E. G. and SPENCE, L., The isolation of St. Louis virus from Trinidad mosquitoes, 688
ANDERSON, C. R., see DOWNS, W. G. *et al.*, 693
ANDERSON, C. R., DOWNS, W. G., WATTLEY, G. H., AHIN, N. W., and REESE, A. A., Mayaro virus: a new human disease agent. II. Isolation from blood of patients in Trinidad, B.W.I., 1012
ANDERSON, S. G., see FRENCH, E. L. *et al.*, 827
Anopheles gambiae in relation to malaria and filariasis in coastal Liberia, 598
Anopheles quadrimaculatus, Effect of 25 milligrams of pyrimethamine on the infectivity of *Plasmodium vivax*, St. Elizabeth strain, to, 805
Anthelmintic effect of dithiazanine in experimental animals, 894
Antibodies to poliomyelitis virus and socio-economic factors influencing their frequency in children in Israel, 697
ARAFA, M. A., BIBAWI, E., and RAAFAT, A., The portal pressure in hepatic fibrosis associated with bilharziasis, 108
ARMBRUST, A. F., Rare histopathologic aspects of Manson's schistosomiasis, 731
Ascaris lumbricoides, Investigations on the action of piperazine on, 898
ASENJO, C. F., see RODRIGUEZ-MOLINA, R. *et al.*, 780
Attempted laboratory infection of bird mites with the virus of St. Louis encephalitis, 1047
Australorbis glabratus, the snail intermediate host of *Schistosoma mansoni* in Puerto Rico, geographic distribution of, 1087
Australorbis glabratus, the snail intermediate host of *Schistosoma mansoni* in Puerto Rico, Vagility of, 576
Australorbis glabratus (Say), Studies on the quality of fresh waters of Puerto Rico relative to the occurrence of, 313

B

Bacillary dysentery, suction and quantitative methods for culture of rectal mucus in, 540
Bancroftian filariasis in the etiology of funiculoepididymitis, periorchitis and hydrocele in Puerto Rico, 739
BARR, A. R., The distribution of *Culex p. pipiens* and *C. P. quinquefasciatus* in North America, 153
BEAVER, P. C., Wandering nematodes as a cause of disability and disease, 433
BECK, J. W. and GARRETT, F. D., A

preliminary report on a perfusion technique for recovering schistosomes at time of autopsy, 914
BECK, M. D., MUÑOZ, J. A., and SCRIMSHAW, N. S., Studies on diarrheal diseases in Central America. I. Preliminary findings on cultural surveys of normal population groups in Guatemala, 62
BELLAMY, R. E., see DOW, R. P., 294
BERNKOPF, H., MEDALIE, J. and YEKUTIEL, M., Antibodies to poliomyelitis virus and socioeconomic factors influencing their frequency in children in Israel, 697
BIAGI, F. and PORTILLA, J., Comparison of methods of examining stools for parasites, 906
BIBAWI, E., see ARAFA, M. A., 108
Bilharziasis, the portal pressure in hepatic fibrosis associated with, 108
Bolivia, Dietary survey in the Santa Cruz area of, 21

CONTENTS

JANUARY, No. 1

The present status of sanitary engineering in the tropics. A review paper. JOHN M. HENDERSON 1

A dietary survey in the Santa Cruz area of Bolivia. RUTH L. HUENEMANN, HANS A. BRUCH T. AND ROBERT T. SCHOLES 21

Studies on the pathogenicity of various strains of *Entamoeba histolytica* in the rabbit. ARNE V. HUNNINEN AND HOWARD A. BOONE 32

The pharmacological basis for the prolonged antimalarial activity of pyrimethamine. CARL C. SMITH AND JEAN IHRIG 50

Electron microscope studies of Sindbis virus: a newly recognized arthropod-transmitted virus. REGINALD L. REAGAN, FRANCES S. YANCEY, SING CHEN CHANG AND A. L. BRUECKNER 58

Studies on diarrheal diseases in Central America. I. Preliminary findings on cultural surveys of normal population groups in Guatemala. M. DORTHY BECK, J. ANTONIO MUÑOZ AND NEVIN S. SCRIMSHAW 62

The relapse state in typhoid fever treated with chloramphenicol. KENNETH C. WATSON 72

Ecology of ringworm fungi on commensal rats from rural premises in southwestern Georgia. WILLIAM W. SMITH, ROBERT W. MENGES AND LUCILLE K. GEORG 81

Human isosporiasis: a report of three cases with necropsy findings of one case. B. H. WEBSTER 86

The use of erythrocyte sensitizing substance in the diagnosis of leptospiroses. I. The sensitized erythrocyte agglutination test. DOROTHY E. MCCOMB, D. J. W. SMITH, DAVID L. COFFIN, ROBERT A. MACCREADY AND R. SHIHMAN CHANG 90

The use of erythrocyte sensitizing substance in the diagnosis of leptospiroses. II. The sensitized erythrocyte lysis test. R. SHIHMAN CHANG, D. J. W. SMITH, DOROTHY E. MCCOMB, C. F. SHARP AND J. I. TONGE 101

The portal pressure in hepatic fibrosis associated with bilharziasis. M. A. ARAFA, ERNEST BIBAWI AND A. RAAFAT 108

Mosquitoes associated with sylvan yellow fever near Almirante, Panama. HAROLD TRAPIDO AND PEDRO GALINDO 114

Forest mosquitoes associated with sylvan yellow fever in Nicaragua. PEDRO GALINDO AND HAROLD TRADIPO 145

The distribution of *Culex p. pipiens* and *C. p. quinquefasciatus* in North America. A. RALPH BARR 153

Canine ascariasis as a potential source of visceral larva migrans. FRANK A. EHRENFORD 166

Fly production studies in urban, suburban, and rural privies in southeastern Georgia. JOHN W. KILPATRICK AND H. F. SCHOOF 171

Studies on electrophoretic fractions of *Vipera xanthina palestinae* venom. S. GITTER, S. KOCHWA, A. DE VRIES AND M. LEFFKOWITZ 180

Books received 190

Book reviews: *Industry and Tropical Health* II. Proceedings of the Second Conference of the Industrial Council for Tropical Health; *Practical Medical Mycology*, by Keeney; *Composting*, by Gotaas; *Cryptococcosis, Torulosis or European Blastomycosis*, by Littman and Zimmerman; *Diseases of the Chest*, by Hinshaw; *Annual Epidemiological and Vital Statistics, 1953*, World Health Organization 190

Corrigendum 194

MARCH, No. 2

Interrelations between nutrition and infectious disease in the tropics. Presidential Address. ASA C. CHANDLER 195

Introduction of Leon Herbert Schmidt as the Charles Franklin Craig Lecturer. G. Robert Coatney 209
The role of pharmacology in determining the rational use of therapeutic agents. L. H. Schmidt 212
The response of *Plasmodium malariae* infections to pyrimethamine (Daraprim). Martin D. Young 223
Note on the transfer of strains of *Entamoeba histolytica* from one bacterial flora to another. Phyllis Conner, Gladys Rosenthal and James G. Shaffer 225
Visceral leishmaniasis in a dog imported into the United States. Chester A. Gleiser, John Thiel and Irving G. Cashell 227
Isolation of yellow fever virus from *Haemagogus mesodentatus*, *H. equinus* and *Sabethes chloropterus* captured in Guatemala in 1956. Enid de Rodaniche and Pedro Galindo 232
Leptospirosis in Malaya. I. Sporadic cases among military and civilian personnel. Fred R. McCrumb, Jr., Joe L. Stockard, Charles R. Robinson, L. H. Turner, Derek G. Levis, C. W. Maisey, M. F. Kelleher, Chester A. Gleiser and Joseph E. Smadel 238
Needle biopsy in the etiologic diagnosis of splenomegaly. Kamal G. Ishak, Charles Hazzi, Michel Salib, Mohamed Sabour and A. Raafat Mahrous 257
Papular skin lesions in which schistosome eggs were found. H. F. Nagaty, M. B. Moawad and S. Salem 266
The production of antibodies in rabbits infected with irradiated *Trichinella spiralis* larvae. E. H. Sadun, L. Norman and M. M. Brooke 271
A flea and rodent control program for plague prevention in Thailand. Robert E. Elbel and Mali Thaineua 280
Field tests of avian host preference of *Culex tarsalis* Coq. Richard P. Dow, W. C. Reeves and R. E. Bellamy 294
Repopulation control of *Oncomelania nosophora* by molluscicidal applications against juvenile snails through the medium of irrigation water. James E. Williams, Y. Otori, A. P. Moon, L. P. Frick and L. S. Ritchie 304
Studies on the quality of fresh waters of Puerto Rico relative to the occurrence of *Australorbis glabratus* (Say). Harold W. Harry, Billy G. Cumbie and José Martinez de Jesus 313
The treatment of snake bite. Herbert L. Stahnke, Frederick M. Allen, Robert V. Horan and John H. Tenery 323
Double infestation of a varicose ulcer with screwworm and house fly maggots. Alfred H. Lawton, Morris W. Dexter and Lyman O. Warren 336
Presentation of the Walter Reed Medal for 1956 to Dr. Karl F. Meyer. N. Paul Hudson 339
Acceptance of the Walter Reed Medal. Dr. Karl F. Meyer 341
Books received 347
Book reviews: *Medical Research: A Midcentury Survey*, The American Foundation. *Diseases of the Skin*, by Sutton 347
Transactions of the American Society of Tropical Medicine and Hygiene. Fifth Annual Meeting. Abstracts of papers read at the Annual Meeting 349

May, No. 3

SYMPOSIUM ON HELMINTHIC INFECTIONS AS THE CAUSE OF DISABILITY AND DISEASE

Introduction. Norman R. Stoll 399
Disabling effects and control of filariasis. John F. Kessel 402
Discussion of Dr. John F. Kessel's paper. Edward K. Markell 415
Fasciolopsiasis and opisthorchiasis as helminthic components of tropical public health. Elvio H. Sadun 416

Discussion of Dr. Elvio H. Sadun's paper. W. W. Cort 423
Echinococcus disease in northern North America. John B. Poole 424
Discussion of Dr. John B. Poole's paper. Benjamin Schwartz 430
Wandering nematodes as a cause of disability and disease. Paul C. Beaver 433
Discussion of Dr. Paul C. Beaver's paper. Asa C. Chandler 438
Peripatetic parasitologist. H. W. Brown 441
Helminth production in livestock: tonnage, carrying costs, and control. Donald C. Boughton 455
Discussion of Dr. Donald C. Boughton's paper. Aurel Foster 462
The active absorption of certain metabolites by helminths. Jack W. Daugherty 464
Discussion of Dr. Jack Daugherty's paper. Chauncey G. Goodchild 471
The collagenaselike enzymes of skin-penetrating helminths. Robert M. Lewert and Chang-Ling Lee 473
Discussion of the paper by Doctors Lewert and Lee. R. E. Thorson 478
The development of a study on the axenic growth in vitro of *Nippostrongylus muris* to the adult stage. Paul P. Weinstein and Myrna F. Jones 480
Discussion of the paper by Doctors Weinstein and Jones. Clark P. Read 485

Some unsolved problems in amebiasis. A review paper. Henry Edmund Meleney 487
The serological diagnosis of amebiasis by means of the precipitin test. Jeanne C. Moan 499
Studies on malaria in chimpanzees. II. *Plasmodium vivax*. R. S. Bray 514
The enteric viral flora of a population of normal children in southern Louisiana. Henry M. Gelfand, John P. Fox and Dorothy R. Leblanc 521
Leptospirosis in Egypt. C. D. McGuire and D. M. Myers 532
Suction and quantitative methods for culture of rectal mucus in bacillary dysentery. Yasuzo Nakamizo and Ryoji Takahashi 540
Cortisone and prednisone in the suppression of allergic reactions to diethylcarbamazine treatment of onchocerciasis. Edward K. Markell and Jerrold Turner 546
Effect of cortisone treatment on immunity to subsequent reinfection with *Trichinella* in the rat. Edward K. Markell and William P. Lewis 553
The detection of antibodies to infections with the nematode, *Toxocara canis*, a causative agent of visceral larva migrans. Elvio H. Sadun, Lois Norman and Dorothy Allain 562
The role of flies in the transmission of eye disease in Egypt. C. D. McGuire and R. C. Durant 569
Vagility of *Australorbis glabratus*, the snail intermediate host of *Schistosoma mansoni* in Puerto Rico. David Pimentel, P. C. White, and Victor Ildefonso 576
Populations of the most abundant ectoparasites as related to prevalence of typhus antibodies of farm rats in an endemic murine typhus region. William W. Smith 581
Books received 590
Book reviews: *Parasites and Parasitism*, by Cameron; *História de Lepra no Brasil* Vol. III, by Souza-Araujo; *The Nature of Brucellosis*, by Spink; *Protein Malnutrition*, ed. by Waterlow; *An Atlas of Regional Dermatology*, by Percival and Dodds; *Clinical Pathology, Application and Interpretation*, by Wells 590

JULY, NO. 4

A practical philosophy of vector control in the U.S.A. John M. Henderson 595
Anopheles gambiae in relation to malaria and filariasis in coastal Liberia. Richard M. Fox 598
Resistance of *Plasmodium malariae* to pyrimethamine (Daraprim). Martin D. Young 621
Further studies on malaria suppression by monthly drug administration. Max J. Miller 625

Studies on malaria in chimpanzees. IV. *Plasmodium ovale*. R. S. Bray 638
The effect of penicillin G on two strains of small race *Entamoeba histolytica* in culture. James G. Shaffer, Phyllis Conner and Gladys Rosenthal 646
Reactions to chloroquine observed during the treatment of various dermatologic disorders. Leon Goldman and Robert H. Preston 654
Chemotherapy of *Trypanosoma gambiense* and *Trypanosoma rhodesiense* infections in guinea pigs with nitrofurazone. F. Evens, K. Niemegeers and A. Packchanian 658
Nitrofurazone therapy of *Trypanosoma gambiense* sleeping sickness in man. F. Evens, K. Niemegeers and A. Packchanian 665
Efficacy of amodiaquin hydrochloride (Camoquin hydrochloride) against giardiasis. Julius Rosenberg and Edith Neumann 679
Isolation of yellow fever virus from *Haemagogus lucifer*, *H. equinus*, *H. spegazzinii falco*, *Sabethes chloropterus* and *Anopheles neivai* captured in Panama in the fall of 1956. Enid de Rodaniche, Pedro Galindo and Carl M. Johnson 681
Isolation of Ilhéus virus from *Sabethes chloropterus* captured in Guatemala in 1956. Enid de Rodaniche and Pedro Galindo 686
The isolation of St. Louis virus from Trinidad mosquitoes. C. R. Anderson, T. H. G. Aitken, W. G. Downs and L. Spence 688
The isolation of St. Louis virus from a nestling bird in Trinidad, British West Indies. W. G. Downs, C. R. Anderson and J. Casals 693
Antibodies to poliomyelitis virus and socioeconomic factors influencing their frequency in children in Israel. H. Bernkopf, J. Medalie and M. Yekutiel 697
Note on antibodies to poliomyelitis viruses in the sera of residents of Eastern Saudi Arabia. Sabahattin Payzin and Edward S. Murray 704
Studies on *Pasteurella pestis* in fleas. VI. The laboratory culture of *Xenopsylla vexabilis hawaiiensis*. Jordan, 1932. Harold E. Stark ahd Leo Kartman 707
A survey of *Schistosoma haematobium* infections in man in Liberia. Max J. Miller 712
Distribution and prevalence of human schistosomiasis in Puerto Rico in 1953. Paul C. White, Jr., David Pimentel and Felix C. Garcia 715
Serodiagnosis of schistosomiasis: specificity of the complement-fixation test in other helminthic infections. Elmer F. Chaffee and Edna E. Nieves 727
Rare histopathologic aspects of Manson's schistosomiasis. Alvaro F. Armbrust 731
Bancroftian filariasis in the etiology of funiculoepididymitis, periorchitis and hydrocele in Puerto Rico (statistical study of surgical and autopsy material over a 13-year period). Francisco Lichtenberg and Ruben Medina 739
Flea-host relationships of associated *Rattus* and native wild rodents in the San Francisco Bay area of California, with special reference to plague. Virgil I. Miles, Alva R. Kinney and Harold E. Stark 752
On the incidence of poisonous snakebites in Florida: analysis of 241 cases occurring during 1954 and 1955. Henry M. Parrish 761
Books received 766
Book reviews: *Virus*, by Weidel; *The Future of Arid Lands*, by White; *African Ixodoidea*, by Hoogstraal; *The Happy Life of a Doctor*, by Lee; *Venoms*, ed. by Buckley and Porges; *Climate and Economic Development in the Tropics*, by Lee; *Current Therapy 1957*, ed. by Conn 767

September, No. 5

Protein malnutrition and infection. B. S. Platt 773
Steatorrhea in tropical sprue patients in Puerto Rico. R. Rodriguez-Molina, Conrado F. Asenjo and Marta Cancio 780
Saudi Arabia—epidemiological notes on the Eastern Province. M. L. Tarizzo 786
Effect of 25 milligrams of pyrimethamine on the infectivity of *Plasmodium vivax*, St.

Elizabeth strain, to *Anopheles quadrimaculatus*. MARTIN D. YOUNG AND ROBERT W. BURGESS 805
The suppressive and prophylactic effects of puromycin against intestinal protozoa. MARTIN D. YOUNG AND JOE E. FREED 808
Histological observations on the influence of a special diet used in experimental amebiasis in guinea pigs. JOHN E. LYNCH 813
The prevalence of toxoplasmosis in the domestic cat. FRANCES E. JONES, DON E. EYLES AND COLVIN L. GIBSON 820
Murray Valley encephalitis in New Guinea. I. Isolation of Murray Valley encephalitis virus from the brain of a fatal case of encephalitis occurring in a Papuan native. E. L. FRENCH, S. G. ANDERSON, A. V. G. PRICE AND F. A. RHODES 827
Survey of primates captured in Panamá, R. P. during the years 1952–1956 for protective antibodies against yellow fever. ENID DE RODANICHE 835
The isolation of encephalomyocarditis virus from *Aotus* monkeys. MANUEL ROCA-GARCIA AND CARLOS SANMARTIN-BARBERI 840
The 1954–1955 epidemic of smallpox in Tabriz. HARALD FREDERIKSEN AND SAEED T. MOTAMENI 853
An epizootic of equine encephalomyelitis that occurred in Massachusetts in 1831. R. P. HANSON 858
A note on typhus in Egypt and the Sudan. R. M. TAYLOR, J. R. KINGSTON AND FARAG RIZK 863
Leptospirosis in Malaya. II. Antigenic analysis of 110 leptospiral strains and other serologic studies. A. D. ALEXANDER, L. B. EVANS, A. J. TOUSSAINT, R. H. MARCHWICKI AND F. R. MCCRUMB, JR. 871
An effective trichuricide suitable for oral administration. WILLIAM W. FRYE, CLYDE SWARTZWELDER, RALPH LAMPERT, STANLEY H. ABADIE AND CHARLES B. CARSON, JR. 890
The anthelmintic effect of dithiazanine in experimental animals. MAX C. MCCOWEN, MAURICE E. CALLENDER AND MILO C. BRANDT 894
Investigations on the action of piperazine on *Ascaris lumbricoides*. STATA NORTON AND E. J. DE BEER 898
Comparison of methods of examining stools for parasites. FRANCISCO BIAGI F. AND JAIME PORTILLA 906
The development of *Onchocerca volvulus* in laboratory-reared *Simulium damnosum* Theobald. R. C. MUIRHEAD-THOMSON 912
A preliminary report on a perfusion technique for recovering schistosomes at time of autopsy. J. WALTER BECK AND FREDERIC D. GARRETT 914
Laboratory studies on the reactions of *Simulium* larvae to insecticides. I. A laboratory method for studying the effects of insecticide on *Simulium* larvae. R. C. MUIRHEAD-THOMSON 920
Laboratory studies on the reactions of *Simulium* larvae to insecticides. II. The reactions of *Simulium damnosum* larvae to DDT. R. C. MUIRHEAD-THOMSON 926
Laboratory studies on the reactions of *Simulium* larvae to insecticides. III. The reactions of *Simulium damnosum* larvae to Dieldrin. R. C. MUIRHEAD-THOMSON 933
A report of a series of recent outbreaks of unusual cephalopod and fish intoxications in Japan. TOSHIHARU KAWABATA, BRUCE W. HALSTEAD AND THOMAS F. JUDEFIND 935
Relationship of temperature to molluscicidal activity. BOBERT E. KUNTZ 940
Egg-laying inhibition in *Oncomelania nosophora* maintained on filter paper. EDWARD D. WAGNER AND LOIS WONG CHI 946
Studies on reproduction and growth of *Oncomelania quadrasi*, *O. nosophora*, and *O. formosana*, snail hosts of *Schistosoma japonicum*. LOIS WONG CHI AND EDWARD D. WAGNER 949
Books received 960

NOVEMBER, No. 6

Plasmodium ovale in Liberia. R. S. BRAY 961
The malarial infectivity of an African village population to mosquitoes (*Anopheles gambiae*). R. C. MUIRHEAD-THOMSON 971
Notes on the characters of *P. malariae* oöcysts of possible value in mixed infections. R. C. MUIRHEAD-THOMSON 980
Propoquin in treatment of malaria. MARK T. HOEKENGA 987
Toxoplasma infections in animals associated with a case of human congenital toxoplasmosis. COLVIN L. GIBSON AND DON E. EYLES 990
Notes on the mitosis of *Entamoeba histolytica*. T. J. BROOKS, JR. 1001
Mayaro virus: a new human disease agent. I. Relationship to other arbor viruses. JORDI CASALS AND LORING WHITMAN 1004
Mayaro virus: a new human disease agent. II. Isolation from blood of patients in Trinidad, B.W.I. CHARLES R. ANDERSON, WILBUR G. DOWNS, GEORGE H. WATTLEY, NORMAN W. AHIN AND ALICK A. REESE 1012
Mayaro virus: a new human disease agent. III. Investigation of an epidemic of acute febrile illness on the River Guama in Pará, Brazil, and isolation of Mayaro virus as causative agent. OTTIS R. CAUSEY AND OTAVIO M. MAROJA 1017
Turlock virus: A presumably new arthropod-borne virus. Isolation and identification. EDWIN H. LENNETTE, MARGARET I. OTA, FRANCES Y. FUJIMOTO, ANNA WIENER, AND EDMOND C. LOOMIS 1024
Turlock virus: a description of some of its properties. EDWIN H. LENNETTE, MARGARET I. OTA AND MARJORIE N. HOFFMAN 1036
Attempted laboratory infection of bird mites with the virus of St. Louis encephalitis. R. W. CHAMBERLAIN, R. K. SIKES AND W. D. SUDIA 1047
Leptospirosis of man in the Isthmus of Panama. Preliminary serological and epidemiological studies. CARLOS CALERO M., KARL R. REINHARD AND CORA R. OWEN 1054
Studies on *Clonorchis sinensis*. I. Observation on the route of migration in the definitive host. DALE E. WYKOFF AND TIBOR J. LEPE 1061
Treatment of *Strongyloides stercoralis* infection with intravenous gentian violet. DONOVAN C. BROWNE, PETER G. CONTACOS, GEORGE E. WELCH AND GORDON MCHARDY 1066
An ecological appraisal of host-ectoparasite relationships in a zone of epizootic plague in Central California. KEITH F. MURRAY 1068
Geographic distribution of *Australorbis glabratus*, the snail intermediate host of *Schistosoma mansoni* in Puerto Rico. DAVID PIMENTEL AND PAUL C. WHITE, JR. 1087
An immunological investigation of rattlesnake venoms by the agar diffusion method. SHERMAN A. MINTON, JR. 1097
Books received 1108
Book reviews: *Lehrbuch der Tropenkrankheiten*, by Fuhrmann *et al.*; *Meat Hygiene*, W.H.O. Monograph Series; *Insects of Micronesia. Diptera: Culicidae*, by Bohart; *Specifications of Pesticides. Insecticides, Rodenticides, Molluscicides, and Spraying and Dusting Apparatus*, W.H.O.; *Guide to Medical Writing*, by Davidson 1108
